The Ranking of Games: A bunch of shmup fanatics here, with a new ranking, namely of shmups. Your mission is to rank your favourite shmups, by your favourite criteria. What is a 'Shmup'? A shmup is a genre of game that is named for its use of elements which have been incorporated into this genre, such as avoiding danger, gun fire, obstacles. Those elements include but are not limited to: bullets, lasers, explosions, other shmups or arcade games and this is a genre that appeals to alot of us on Earth, here. Enjoy., Walter as head of the government of Germany is supported by a parliamentary majority, and he is supported by a coalition of parties from all parts of German society. Walter's support for the League is not reflected in the government's budget. The League's programme, as expressed in its General Report on the League's Activities in the Ninth Reichstag, calls for a parliamentary regime based on 'great political freedom for the people, the withering away of the government and the abolition of the individual state', as well as the removal of the 'democratic chaos and widespread selfishness in Germany' and 'the ruthless suppression of the left-wing agitation'. On 28 October 1923, the SPD under Ebert, joined by the Free Democrats (German: Freisinnige), Friedrich Ebert Stiftung, the German Nationalists and the German Catholics, met at Berlin's Neue Wache, the Protestant burial place of German-American liberal Protestantism, founded by Friedrich Wilhelm Keller, an advocate of German unification and immigration from its founding in 1848. The meeting was an important point in German history. Through Ebert and the Centre Party's support, the SPD attained power in the Reichstag. The Centre Party is no longer a Marxist party, although some members, such as Hermann Müller, are still politically left-wing. The party's strength is strongest in the north and east of Germany, the northern industrial regions. According to a 1928 law, Communist Party members were barred from working for the government. In the 1930s, the Social Democrats and Communists became allies. Disestablishment The League was disestablished with the rest of the Second International on 27 October 1919. It was reconstituted as a separate party on 9 December 1924. The name of the new party was Gesamtdeutsche Partei (General German Party,

Fallen Knight is a side-scrolling action-platformer game heavily inspired by the gothic fantasy tales of King Arthur's. Players are able to choose between Lancelot the honorable knight and Galahad, the elite of the Knights of the Round Table. As each Knight from The Round Table, they'll lead their own Journey to the Castle of Death where they are destined to face the greatest challenge of all. As the two main characters, players can switch back and forth between them, allowing them to go through the game completely different, experiencing a parallel story. Take on the challenge of surviving as long as possible and reach the final battle at the Castle of Death. Dark Souls-esque Challenging Sword Action Gameplay Nostalgia fueled gameplay with unique combat systems. When playing as Lancelot, players will Parry & Disarm their enemies to minimize damage and gain momentum, and kill them swiftly. When playing as Galahad, players will assassinate their enemies to slay them swiftly and avoid unnecessary deaths. Both in "Assassinate" mode (Galahad) and "Parry & Disarm" mode (Lancelot), players will learn to adapt to the enemies and the gameplay style in order to excel, time and time again, until they've reached the top of their game. Intense Boss Battles When players reach the Castle of Death, the finale of the game, a formidable boss battle awaits them. Different final boss enemies will require players to switch gears once again and fight with a whole new arsenal in order to slay them. Lancelot's Path As Lancelot, as the honorable Knight, Fallen Knight allows players to choose a different ending for themselves and the story, depending on how they play the game. Each path ends with its own unique final Boss battle to face. Galahad's Path As Galahad, as the elite of the Knights of the Round Table. Playing Galahad's Path will allow players to experience a unique gameplay experience unlike any other side-scrolling Action-Platformer game. 'Galahad's Path' brings rogue-like gameplay to Fallen Knight, where players only have "one life". If players fail, they will have to restart from the first stage so be careful! About This Game: Fallen Knight is a side-scrolling action-platformer game heavily inspired by the g
