Time Series Data I am having some trouble understanding how to manipulate a time series into a list of dates. My initial dataset (df_BS) is a list of dates converted into character, this list looks like this

```
df_BS$`1/1/2018` [1] "01/01/2018"
"01/02/2018" "01/03/2018" "01/04/2018"
"01/05/2018" "01/06/2018" [7] "01/07/2018"
"01/08/2018" df_BS$`1/10/2018` [1] "01/10/2018"
```

Features Key:

TARNISHED

When the character was acting mysteriously, and after it was severely injured, a girl met it. Since then, the boy has lost his memories and found that he has become an imposter!

UNCHALLENGED

There are totally no quests or anything. The game is played with an easygoing feel. So you won't feel pressured. If you decide to play, please enjoy the storyline without stressing your brain out.

EASY PICKUP AND SHOPPING

Find weapons, armor, helmets, and magic refills of different levels while exploring. You can also hunt food using your trusty bow.

FLEXIBLE GAMEPLAY

Death was temporarily removed from the game. And allowing for a feeling of lightness, the arrow attack's weight of speed and precision have been modified. Various control modifications have been made to the bow aiming and the ability to use skills.

GIFTS

In conversations, you can give a message and a gift to your allies for support.

INCLUDED STORY-LEVEL DESCRIPTOR

With an already-written script for the story, you can enjoy the story even if you create your character.

CUSTOMIZABLE SKILLS

Conquer the sword, bow, a horn, and so on through increasing the level of the skill. Create a unique fighting style.

HIGHLY CUSTOMIZABLE CHARACTER PROFILE

Various weapons, monster moves, appearance, and more can be customized. In addition to equipment for battle, both your own and your own character's items can be equipped and laid out in various ways.

A VAST WORLD KNOWN FROM THE DIALOGUE

Explore the whole world, which has been officially appointed a large scale development world.

Ah, so you decided to go ahead and buy one of the recently released discs for the PS Vita. Well it's definitely more work than just picking up the discs of the PS3 and having them stand up. I for one am glad that this was the case for these games, as it allowed me to move this game onto the PS Vita.

but I havent really even been posting on this site in a while, so there isnt much. But in any case, I will say this. I will try to help when I can, but I can not guarantee it. I am also still fixing myself up in all of this, myself and my armor. I made a staff for my armory, a bit better one than the old one, and have been using it along with my current staff. I am just going to keep my stream and my thoughts to myself, and that can sometimes be hard. I look at this site, and get all pumped up, and for a second, I cant even see the screen. It is so high. I

Every day, 100,000-120,000 new cases of diabetes are diagnosed in the U.S. Type 2 diabetes (T2D) accounts for 90-95% of the cases of diabetes. Once diabetes is diagnosed, cardiovascular disease and other complications become the most common cause of mortality in the patient. Diabetic nephropathy is the leading cause of end stage renal disease and is also a major cause of cardiovascular morbidity and mortality. Many diabetic patients who undergo successful renal transplantation, nonetheless, have persistent hyperglycemia due to impaired pancreatic beta cell function. For this patient population, it has been shown that the best long-term renal outcomes are achieved by maintaining the pre-transplant blood glucose levels as close to

normal as possible and waiting for 5-10 years until the transplant functions autonomously. This form of diabetes is known as "graft secondary diabetes" (GSD). It was observed that GSD could be "controlled" by a structured program of blood glucose monitoring and tight glucose control (HbA1c
