In Divinity: Original Sin 2, the latest expansion to the critically acclaimed RPG, you play as a Hero, a player character who can leave their mark on Tamriel by bringing light and magic to the battered world. Open the Story Mode campaign with both NPCs and player companions to create your own in-game journey. Select from a wide selection of approaches to complete your objectives in challenging quests. Explore the depths of a detailed, living world, filled with enemies, allies, and allies of enemies to meet, and monsters, treasures, and secrets to find and unlock. Deal blows and build alliances to advance in your quest. What happens in Divinity: Original Sin 2 - Companion: Sir Lora the Squirrel is entirely up to you and your fearless group. Story mode No matter the order you reach the Acts in, the main story of Divinity: Original Sin 2 can be played out in a number of different ways. You can tackle the game in any order you choose, and follow more than two characters through their stories! The more companions you bring, the more options you have. Including Sir Lora the Squirrel as a companion will give you access to options never before seen in the game. You can choose to go it alone and face the game alone, or you can recruit other Heroes to accompany you throughout the game. Explore the depths of a living world, encounter powerful bosses, form bonds with other companions, and try to clear the story of Sin. A living world Relive the story of Tamriel in a living world - every enemy, ally, and background character is visible and plays a role in the unfolding narrative. Characters you meet in the city of Divinity: Original Sin 2 that do not play any part in your main quest can be put to use in several ways. Explore the city of Fort Joy - enter the government district, fight off a rampaging bunch of thieves, or finish off an old foe to start the process of recruiting them. Many of the characters in the game are hostile towards other heroes. These enemies can be recruited to go on quests for you, give you tips, offer you items, provide you with a fight, and even become allies after the war is over. Gamescom 2019: Making the ultimate Tyranny Matthew Hawkins, President of Paradox Interactive is meeting with the press at Gamescom in Cologne, Germany. German publication GamesTM recently published a thorough interview with Matthew about several topics,

The Definitive End Times - Vermintide allows you to take part in an epic campaign spanning the first and second Dark Moon. Vermintide Two - After the events of the first Vermintide, the fate of the no-longer-Dwarven town is in the hands of you and your fellow survivors. Unstable Festerations - The Skaven have raided countless towns and cities and now the city of Oryx lies under their feet. The citizens have fled or are trapped in the Ubersreik, the umbral realm between the physical and spiritual world. Skaven Woes - The Skaven, a wicked race of ancient and impure origin, now gather to mark the Dark Moon and set their course towards Akzin. Lead by their Archmagister Urgewald, who does not hesitate in his plans for conquest, the Skaven hordes will cross the Southern Pale into the lands of men. Citizens Undone - Due to the ungodly forces of the minions of the Great Unclean One and the invasion of the Skaven, the Oryx citizens have been more than they can take on. Soon the Chaos hordes will overrun Oryx. Extinction of All! - Only Dwarfs and warriors of the White Hand can stop the Skaven horde and save the downtrodden citizens of Oryx. Join the ranks of the White Hand and prepare for the upcoming events. Shattering Rules - End Times: Vermintide is different from previous Warhammer games. Shattering Rules are the new rules that open up a whole new way to play with higher damage, no armour and magic resistance, and new skills. Want to teleport behind your enemy? Want to decimate them with a powerful shot? Want to face gazillions of enemies in a single, massive wave? Want to feel the power of the Shattering Rules? All this and much more. Skaven Unites - With the Chaos Gods' aid, the mighty Skaven hordes will finally reunite in search of the Holy Treasure - the Blood Talisman. Skaven Unites is a new event for the game, giving access to new level-dependent bonuses and one of the best Skaven characters in the game: the Tempus Fugue and The Green-Handed Sharpshooter. Tribal Alliances - Compete against others in new game modes: Alliances and Tribes and make alliances with the most powerful characters. End Times: Vermintide has been in development

What's new in Legendary Journeys:

This is a pivotal moment in life of Caroline Manglapus. She has given birth to her first child, her first real friend, and now she is divorced from her husband Danny and living alone with her young son. A busy local mechanic is in town to fix her car, but Caroline is more interested in listening to Frank Sangiessi's music. He's a jazz pianist and she's a modern writer. When Frank and Caroline begin to work together, it's love at first sight. But can she trust her child's dad, or will it mean ruin for her and her son? Love vs. Money I may seem like a bad parent, but I raise my kids to be self sufficient and ambitious. I found the more I give and the more I encourage my kids to seek outside help, the more they depend on me. I have always taught them to be independent. Maybe that is why they have no memory of having a home before they found me. The Empress Her fondest wish is to seek an arrangement with wealthy elderly gentleman, Lord Davies. With the Aussie sheep farmer her chief interested in her and not the younger and hotter fresher Rose de Castries, Rose resents the younger Rose. Then her father dies and the competing Roses, Rose, the illegitimate daughter of a duke and another Rose, the illegitimate daughter of a marquess, collide. But there are other serious contenders, threatening their relationship until Rose must fight to win her family's respect. The Declaration "A man should hear this story; it might warm his blood, it might rouse his passions, it might divert him from gallantry, pedantry, and vain notions of decency, and it must be heard. No family should be without it. It is the only family chronicle in the hands of its possessor, the only relative he has or can acquire; and it must be set down as the voice of the dead before all other voices, with all other memorials, are silenced." The Story of the Hare and the Tortoise: A Tale of Genius, Love and High Finance Harry Raymond is obsessed with one thing - beating the Tortoise in the National Hare and Hounds Boxing Championship. Accustomed to triumph and success - he's a fierce competitor in any and everything he does. And when he is

forced to work as a journalist to pay the bills and find a new girlfriend - he's determined to make his family understand he has nothing against
