975077773Description Stoked is the latest introduction to the Roller Derby Phenomena. It includes three amazing careers: Career Mode, which allows you

to be a single skater in a team; Career Co-op, which allows you to be a two skaters in a team; and a Career Battle, where you and your opponent play a game of Roller Derby; all in a single free-to-play game.

Create your own single skater, create your own team, and face off against your friends as you play a home-grown sport.

Featuring:

- Create your own single skater, create your own team, and compete with them across an NHL-style league.
- Friendly careers for both single players and teams.
- Professional leagues, with real money and in-game revenue, via Career Mode.
- Online friend lobbies and leaderboards.
- Play a wide variety of roller derby events.
- Create your own derby styles.
- Create your own derby names and faces.
- Single player

career challenges. - Career Mode, where you customize a single skater, create your own team and compete to win the league. - Career Co-op, where you compete to win the league with your friend. - Career Battle, where you compete to win a match. - Create your own derby teams, and design your own derby team jerseys. - Online leagues for two players, or a two player team against a computer opponent. - Complete online league management features, including league construction, league scoring, player, coach, and referee ranking, and online stats. - Authentic virtual derby rings, chants, and referee calls. - Online friend lobbies and leaderboards. - Create your own derby styles. - Create your own derby names and faces. - Ice pads, skate

blades, and roller skates for realistic skating. - Create your own derby helmet. - Fictional leagues. - Online stats, including a league stats screen, and a stats screen for both players. - Online leagues for two players, or a two player team against a computer opponent. - Create your own derby teams, and design your own derby team jerseys. - Realistic skating physics, including realistic friction and corking. - Online league management features, including
