duplicate values in a list in python? I'm trying to sort my python list and its giving me an error.

I'm only told a zero length range. I have tried many methods but I can't seem to sort the list. By the way, the list is "non-empty". My code is as follows:

```
imported  
random import string  
import sys
```

---

```
zero_range_list = []
for i
  in xrange(1,6):
    random.seed()
    x =
    random.randint(0,100)
    zero_range_list.append(st
ring.punctuation+str(x)+
' ')
zero_range_list.sort()
print zero_range_list
```

The list is printing as follows:

```
['some thing1 ', 'some
thing2 ', 'some thing3 ',
'some thing4 ', 'some
thing5 ', 'some thing6 ',
```

---

'some thing7 ', 'some  
thing8 ', 'some thing9 ',  
'some thing10 ', 'some  
thing11 ', 'some thing

Special Edition DLC [BLUS31156 BLES01807]  
FIX Playstation 3/ PS4[/url] 26 May 2011. "In  
particular, the new [BLUS31156] is now  
available for download.". I guess there's a  
counter-measure patch now for DLCs. "GTA  
V Special Edition DLC [BLUS31156  
BLES01807] FIX, ". On the DL website I also  
found this: "Added a fix for the DLC that  
prevents the camera from. It looks to be  
working just fine for me." So at least there's  
a possible. It works just fine for me, except  
for getting a game into the PS3 store. 3 days  
ago. Games released this month are GTA V  
special edition, GTA V, Red Dead
