Citation: By accessing BST then clicking on the appropriate link below, you can read/download the article being discussed. Complete publication information for BST can be viewed by clicking on the BST logo. This paper, by Miriam Brown and colleagues, builds on the four papers we presented at the 1998 conference at Melbourne University. I have personal knowledge of two of these papers, as I was a student at that conference. My own take on this paper is that it is an excellent example of the kind of papers that should be published every year. However, I was also slightly frustrated by the apparent lack of a certain amount of penetration by the market of this report. In my own little corner of the world, d0c515b9f4
